

Ash Field Academy (by email)

Hi Mohamed

We are very happy to provide a reference for the archery sessions. Thank you for all you did whilst at the school. We would very much like to offer further sessions after the summer holidays. If we can provide any more support or information for your organisation please let us know.

REFERENCE

This was one of the most successful and motivating activities that we have offered at Ash Field. Six children with physical difficulties took part and from the outset the sessions proved to be very popular and exciting. The quality of the coaching meant that the pupils achieved a lot of success and were fully supported in developing their skills. It is a testimony to the trainers that all the pupils became increasingly confident and were able to respond to every new challenge in their own way. The trainers were highly professional and yet sensitive to all the pupils' needs and levels of ability. There was a high regard for safety at all times and the sessions were very well managed and controlled. We are now in the process of planning our next course and have a long waiting list! One of our pupils has subsequently joined the archery class on a regular basis and I am sure others will follow. A fantastic and exciting enrichment opportunity.

Jane Booth

Principal, Ash Field Academy.
