

On Tuesday the 31st I was chosen to do archery and it was really fun, we did four - five activities and at the start we had to go over the safety rules. Next we did a game of which group can get the best points but my team lost. Then we did which group can be the fastest to finish the arrows. After that we did 1 person from each group and which ever group got a better score than the other team can stay in there was three people from my group and only two from the other. Finally we had to try a Pop the balloons and of course my team won, we then had to be fast and Pop the other teams balloons. Over all I had fun but there was only one issue it was we didn't have long enough as 1 hour not good enough for us girls
