Dear Mohamed

Archery Sessions at Wyggeston and Queen Elizabeth I College

I am writing to express my gratitude to you for the six week archery project that you ran at QE College recently. Your reliability and organisation allowed for the project to be set up quickly and hassle free. Furthermore your knowledge and passion for archery was obvious and key to the success of the project; the twelve students that were involved were motivated, stimulated and challenged throughout the course of the sessions. It was fantastic to see many students, some that would not otherwise take part in sport, engaged in physical active through your provision of archery. As a result of the success of the project, I will be looking to work with Leicester Archery Academy again next academic year, to run another project at QE, and also at Regent College, so that more students can benefit from Mohamed's excellent coaching.

Yours sincerely,

Alice Kempster
